ABOUT US

Empowering Industries with Precision Technology

Founded in 2016 in Pune, Zonap Engineering Solutions Pvt. Ltd. delivers precision-engineered machine tools and components for global industries. Zonap is ISO 9001:2015 certified with in-process inspection and traceability. Trusted Partner in Deep Hole Drilling & Precision Manufacturing.

WHAT WE DO

At Zonap Engineering Solutions Pvt. Ltd., we deliver complete deep hole drilling solutions with precision and reliability.

- **Machine Manufacturing** – Build high-accuracy Gun Drilling and Deep Hole Drilling Machines for superior performance.
- **Machine Retrofitting** – Modernize existing machines with CNC technology to enhance productivity.
- **Critical Component Manufacturing** – Manufacture precision components for Oil & Gas, Aerospace, Automotive, and Heavy Engineering sectors.
- **Drilling Tool Supply** – Provide premium gun drilling and BTA tools for accuracy and long tool life.

INDUSTRIES SERVED

Automotive

Oil & Gas

Die & Mold

Aerospace

Nuclear & Petrochemical

Medical

Pellet Die Industry

OUR VISION

To be a global leader in deep-hole drilling and precision manufacturing — empowering industries through innovation, reliability, and excellence in engineering.

OUR MISSION

To engineer high-performance deep hole drilling machines and precision components that deliver unmatched accuracy, reliability, and value.

HIGH-PRECISION MACHINED COMPONENTS — BUILT FOR CRITICAL APPLICATIONS

ISO certification, RA surface finish targets, traceability system

INDUSTRIES SERVED

Automotive

Oil & Gas

Energy & Power

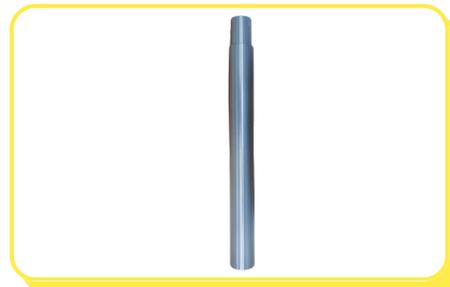

Heavy Engineering
